LeetCode

Portfolio

Education

Maharshi Dayanand University

Bachelor of Technology in Computer Science and Engineering

August 2022 – June 2026

Haryana, India

- Percentage: 77.2

Technical Skills

Programming Languages: C++, JavaScript, TypeScript, SQL

Frontend: HTML5, CSS3, React.js, Tailwind CSS, ShadCn

Backend: Node.js, Express.js

Realtime & Communication: Socket.IO, WebRTC, PeerJS

Databases: MongoDB

Tools & Platforms: Git, GitHub, Cloudinary, Redux, Appwrite

Expertise: FrontEnd Development

Projects

NewerSocial | React (Vite), Appwrite, Tailwind CSS

GitHub

Live

- Developed a **full-stack blogging platform** supporting authentication and structured content workflows.
- Built a responsive UI with Tailwind CSS and integrated **TinyMCE rich-text editor** with image upload support.
- Added real-time preview of blog content inside TinyMCE editor before publishing.
- Added role-based access control ensuring only authenticated users can create, edit, or delete their own posts.
- Implemented scalable backend services using Appwrite Databases and Storage APIs.

WhyConnect | React (Vite), Express, MongoDB, Socket.IO, TypeScript, PeerJS

GitHub

Live

- Built **real-time messaging** system supporting concurrent users with Socket.IO and JWT-authenticated sock, online presence tracking, and live message broadcasting.
- Implemented **video and voice calling** using PeerJS (WebRTC) with call signaling, media controls (mute, camera toggle), and automatic fallback to audio-only.
- Integrated a **streaming AI chatbot** powered by Google Gemini delivering token-by-token responses over WebSocket with image understanding support.
- Designed **secure authentication** using Passport.js JWT with HTTP-only cookies, bcrypt password hashing, and Zod request validation.
- Architected a **flexible chat system** supporting group and direct chats, message reply threading, Cloudinary image sharing, and AI chat auto-detection.
- Managed frontend state using **Zustand stores and custom React hooks** for authentication, sockets, calling, and peer connection logic.

Achievements

- Solved **605+ Data Structures and Algorithms problems** across platforms including **LeetCode (528+)** and **GeeksforGeeks (77+)**, demonstrating strong problem-solving skills.
- Earned **100-Day** and **50-Day Streak Badges** on LeetCode for consistent practice.
- Completed **DSA Certification** from PW Skills.
- Completed **AI Tools Workshop** from be10X Skills.
- Contest rating of 1550** by solving different algorithms problems on LeetCode.

Management

Techno Management Fest

Coordinator

February 2024 – March 2024

Vaish College of Engineering

- Coordinate Technical Debate and Quiz
